

# WICKED TINKERS

## Technical Rider 2008 for drive-to shows

### STAGE FRONT

#### STAGE REQUIREMENTS

- Preferable minimum stage size: 24 feet wide by 16 feet deep. (Exceptions per contract)
- SHADE FOR STAGE REQUIRED! if an outside performance! (Exceptions per contract)
- Please have bottled water available for all stage performances!

#### SYSTEM REQUIREMENTS - MONO

- **Mixing board:** 4 Channel minimum. **(NO PHANTOM POWER! ON ANY OF OUR CHANNELS)**  
NOTE: We don't need any effects - We effect our premix (only the vocals could use reverb)
- **Speakers:** We can work with just about anything: 3-way or 4-way (subs would be great)
- **Monitors: NONE:** We use our own in-ear monitors - 4 wireless systems - We pre-mix them.  
NOTE: We do not need floor monitors and prefer them be removed when we play!
- **Vocal Microphones:** All vocal have microphones supplied by Wicked Tinkers!  
NOTE: We will Y-cable mics to our board for our in-ear monitors (we will supply 4 Y-cables)
- **Mic Stands:** 4 full size and one Medium Stand - Mic stands to have booms.
- **Instrument Microphones:** All Instruments have mics supplied by Wicked Tinkers!  
NOTE: We have 9 Wireless microphones and we hard-wire 2 drum microphones to our board
